

Hyatt's Graphic Supply: Fostering **CREATIVITY AND INNOVATION** in the Memorial and Monument Industry

For more than sixty years, Hyatt's - All Things Creative has been a cornerstone for artists, architects, sign makers, and designers. Established in 1959 by Charles W. Hyatt, the company has evolved into a thriving business that caters to the diverse creative needs of its clientele. As a family-owned company, now led by Charles' sons, Peter and Gregory Hyatt, along with the third generation actively involved, the company continues to grow and adapt, staying true to its commitment to nurturing creativity.

Diverse Divisions Catering to All Things Creative

Hyatt's Graphic Supply stands out by seamlessly integrating its product lines into three distinct divisions: ART, PANTONE, and SIGN. The ART division offers a vast array of artist supplies and picture framing materials, catering to painters, sketch artists, and visual creators. PANTONE, under Gregory C. Hyatt's leadership, focuses on color matching system products, providing precision and consistency to designers across various disciplines. Under the guidance of Peter W. Hyatt, the SIGN division

specializes in computer sign-making equipment and materials, serving the needs of sign makers and professionals in the visual communication field.

Meeting the Needs of the Memorial and Monument Industry

Hyatt's Graphic Supply recognizes the unique requirements of the memorial and monument industry. With an extensive range of artist supplies, color matching system products, and sign-making equipment, the company is well-equipped to serve professionals in this field. The recent addition of a brand-new cutter from Allen Datagraph further solidifies Hyatt's commitment to providing cutting-edge tools and equipment to meet the demands of this specialized industry.

A Legacy in Sign and Monument Equipment

Since the digital revolution in sign-making was ignited by Gerber Scientific Products in 1983, Hyatt's has been a crucial national distributor since January 1984. The SIGN division at Hyatt's serves traditional sign

companies, quick sign retailers, military bases, government installations, and manufacturing for label making.

Hyatt's boasts almost 35 years of focus on computer sign-making, making them well-versed in the industry. Their knowledge, gained over the years, ensures customers have the right partners for success. The well-trained equipment and material specialists at the Buffalo headquarters can respond to email, telephone, and website requests, offering guidance on questions, problem-solving, and equipment recommendations.

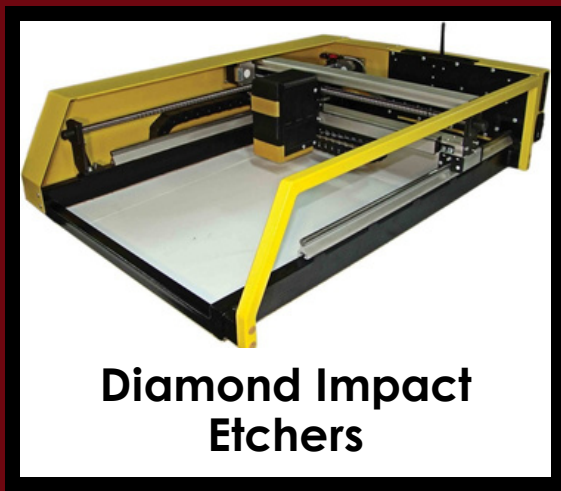

The company is the largest dealer for stencil cutters and Diamond Impact Etchers for the monument industry in the United States. Representing Economical Solutions, offering the best industry impact etchers, and Allen Datagrah the leading stencil cutter manufacturer, Hyatt's provides sales and support for software, stencil cutters, and etching equipment that are the mainstay of the monument

industry's production of cemetery monuments and plaques. The Monument equipment specialist is available at 1-800-234-9288 ext. 301 to discuss options.

Once customers are purchasing equipment and/or materials from Hyatt's, technical support specialists are available at 1-800-234-9288 ext. 600 to answer questions about hardware and software, providing comprehensive support to ensure a smooth and productive experience.

In conclusion, Hyatt's Graphic Supply continues to be a trusted partner for those in the memorial and monument industry, offering not just products but a legacy of creativity, personalized service, and a deep understanding of the evolving needs of visually creative professionals. As the company looks towards the future, it remains steadfast in its mission to nurture creativity in all its forms and empower individuals to follow their creative pursuits.
