

**Making a Mark on the Monument Industry**

## STENCIL CUTTERS

Gerber OMEGA™ software will drive any cutter on this page! See “software” section.

**Our  
Most  
Popular!**

### ALLEN DATAGRAPH MODEL 536 GTS 36-INCH STENCIL CUTTER

The 536 GTS is a dual drive cutter that can utilize either sprocket drive for heavy sandblast materials, or a friction drive for more accurate cuts on thinner material. The flexibility of the 536 GTS permits cutting 10, 12, 15, 18, 21, 25 and 30-inch stencil. An additional benefit is that the 536 GTS cuts to the edge of the holes on both sides of the material allowing a 2-OX2-0 die to cut perfectly between the hole punch pattern. Includes two-year warranty. *Made in USA.*

T10471 **\$8,795.00**

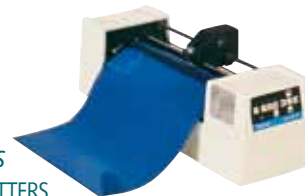

### GERBER **GS750™plus-M**

An industry favorite for over 20-years, the GS750M withstands the rigors of daily stencil cutting. Uses 30" perforated materials and can cut text and graphics up to 27.25" in height. The GS750 can use either a swivel or tangential-steered knife blade up to 27.25" in height! *Made in USA.*

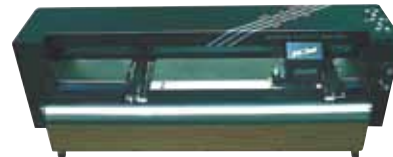

T10470 **\$10,495.00**

### GERBER **GS15™plus** CUTTING PLOTTERS

The GS15plus sprocket plotter uses 15" perforated media to cut text or graphics up to 13.25 inches in height. The GS15plus is the most accurate 15" plotter on the market when using a tangential knife while cutting sandblast materials. Includes a one-year warranty, accessory kit, blade holder, blade, pen and roll holder. *Made in USA.*

T10453 **\$7,650.00**

### ALLEN DATAGRAPH **315 GTS** 15-INCH CUTTER

Table-top, high-speed, rugged enough for stencil cutting of monument designs. Faultless, unattended operation with on-the-fly adjustable speed and force settings. Fully compatible with Gerber OMEGA, Signlab and more! Two-year manufacturer's warranty included. *Made in USA.*

T10481 **\$5,495.00**

## DEATH DATE PORTABLE SYSTEMS

### GERBER PORTABLE MODEL GS15™*plus* VINYL AND STENCIL CUTTER

The GS15*plus* with Hyatt's custom case - makes it portable for on-site final death dates and graphics. Unit includes rugged carrying case and a power inverter to power the cutter and your laptop. Have all the equipment available for one visit to the cemetery saving time and money, rather than traveling back and forth to the shop. *Made in USA.*

T10451 **\$8,645.00**

### ALLEN DATAGRAPH PORTABLE MODEL 315 VINYL AND STENCIL CUTTER

The Allen 315GTS with options for portable use. Unit includes rugged carrying case and a power inverter to power the cutter and your laptop. Do the entire job on-site saving time and money, rather than traveling back and forth to the shop. *Made in USA.*

T10480 **\$5,995.00**

		Lease Payment Per Month	Cost to Own Per Day	Cost to Own Per Hour

### LET ME SHOW YOU HOW!

If you are not familiar with how easy it is to design a die using Gerber OMEGA software and DesignMart artwork, let me show you how using GoToMeeting™.

In a one-on-one webinar on your computer, I will walk you through the design process to the point you are ready to cut stencil. If you thought having your own design package in your shop is hard, it is not. Just give me a call or drop me an email and I will do the rest.

EMAIL: rclamp@hyatts.com • PH: 800-234-9288 ext 865

Samples etched onto tile.

**Non-Laser.  
Easy to Use.  
Reliable.**

# Granite Impact Etching Systems

**The Granite Impact Etcher** is a non-laser, easy-to-use, reliable machine. The diamond needle physically hits the stone, creating images that are close to manual etching. Due to its ability to etch deep, it can achieve good visibility even on stones that have poorer contrast. Utilizing automatic gap-tracking technology, the Granite Impact Etcher Series eliminates focusing or a need to level the stone. Now available with a three year warranty.

### Granite-CP Impact Etcher

- 15.7" x 23.6" Image Area

T10422      \$13,750.00

### Granite-SR Impact Etcher

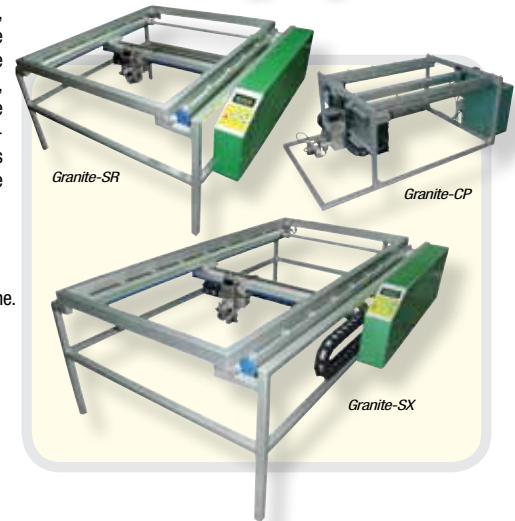

- 25.2" x 29.9" Image Area • Mid-range floor model

T10423      \$17,900.00

### Granite-SX Impact Etcher

- 25.2" x 48.8" Image Area • Large floor model

T10424      \$21,000.00

## SOFTWARE

GERBER

### OMEGA CS CUT SOLUTIONS

- Complete design (layout) and output (plot) software.

T11303 **\$2,295.00**

GERBER

### OMEGA LS LAYOUT STATION

- Economical solution to add a design station.
- Save files to a network folder for output.
- Includes all the design programs found in OMEGA (Composer, File Converter, Font Designs, Font View, Font Manager, GAFMAN, etc.)

## DESIGN ONLINE AND THEN CUT WITH GERBER!

Let your sales staff or customers design monuments in color on the web and email the image to you for processing. With Design Mart's Online **Catalog and Monument Designer** you and your customers can browse catalogs and design monuments that can be cut with Gerber's OMEGA software.

## LEARN GERBER THE EASY WAY!

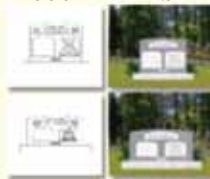

Ask about our **Gerber OMEGA Tutorial**. This guide makes it easy to learn all the basics needed for composing and lettering.

**Complete Tutorial on CD ROM Only \$149**

#### *Color Kit 3.0*

Before After

## ADD REAL GRANITE COLOR AND TEXTURE!

**Color Kit 3.0** makes it easy to add realistic granite color and texture to your Gerber drawings. Five granite colors—each with three textures.

## ADD MONUMENTS ANY TIME.

You can add monument clip art to your collection at any time. Make it part of your purchase through Hyatt's, add it through Hyatt's later with a system upgrade, or call Design Mart directly any time you need to add a CD or individual monument to your collection.

Design Mart has more than 25 series to choose from. You can add CDs plus you can have matching brochures printed—personalized with your company name and logo.

Go online or call today for more info on how to enhance your Gerber system. Ask about our Starter Kit.

*We're here because  
your reputation  
is carving stone.*

## TRAINING

Hyatt's offers training packages that are comprehensive, covering design, layout, stencil production, and more—all the way through product completion.

Hyatt's offers on-site installation and training. We also utilize GoToMeeting™ for online training. Online training provides the benefit of being able to do training when you want to and also the ability to break sessions up into multiple short sessions over several weeks rather than all at once in an on-site session.

### A RESOURCE

Use Hyatt's and Ron Clump as a resource. Ron is an experienced third generation sandblaster who offers shape carving training. If you are starting a new business, or expanding your current monument business, Ron can help jump start your effort. If you need recommendations on equipment not available from Hyatt's Ron can make those recommendations and provide the best companies to purchase it from.

Use Hyatt's and Ron as a resource. If you are interested in advanced training or just advice, contact Ron at:

**1-800-234-9288 x865 or [rclump@hyatts.com](mailto:rclump@hyatts.com)**

## ARE YOU VISITING ELBERTON, GEORGIA?

Ron Clamp is a third generation sandblast shape carver, and native of Elberton, GA. Ron began his career in the granite industry in college as a gang saw operator, soon became a journeyman sandblaster, and then a master engraver while working under the direction of Charlie Clamp, Frank Bone, and Charlie Mann. Ron's carving techniques have been influenced by Jimmy Parham, Joe Fernandez and Boyd R. Parham. Ron built his own company on his reputation for carving large speciality monument projects throughout the United States and overseas.

If you are visiting Elberton, Georgia, utilize Ron's experience in showing you around the area, including introducing you to some of the vendors Hyatt's deals with, such as Miles Supply and Design Mart. If you are considering an equipment purchase, Ron can also demonstrate the equipment available in this brochure. Ron is also available for training at his facility.
